

# SAILING LESSONS

It is our goal at WINDWORKS to have each of our sailing students learn to **SAIL with CONFIDENCE**. In addition, we strive to make access to sailing lessons and sailing charters **AFFORDABLE and CONVENIENT**. Our courses are **US SAILING CERTIFIED** and offer the most thorough and complete training available in the Pacific Northwest today. US SAILING is the National Governing Body for the sport of sailing as designated by congress in the US Sports Act, and it's standards are recognized throughout the sailing industry on both a national and international level. At the completion of the BASIC KEELBOAT course, you'll receive a **FREE GRADUATION SAIL**. We encourage you to get out on the water and explore the skills you just learned! Our club WINDSHARE program (sharing the cost of sailing) allows you to boost your skills with other members at an affordable cost. To find out more about Windshare and club membership, visit our website or office.
